Opening remarks WRC-27 Preparation

Follow up and learnings from WRC-23 decisions,
recent ITU-R meetings and next steps

Alexander Kühn

4th Indian Spectrum Management Conference
New Delhi, 07.11.2024

Conference Preparatory Meeting towards WRC-27

CPM First Session

- Session 1 of CPM decides, **based on the decisions** of the preceeding WRC, on:

o

- Distribution of AIs / Organisation of studies
 - **responsible / contributing WPs**
- Schedules/Deadlines
- Approaches on difficulties/challenges (e.g. overlapping bands, adjacent AIs)
- General (chapter) structure of **Draft CPM text**
- **Appointment of chapter rapporteurs**

CPM steering committee acts as **focal for requests** of WPs and **provides guidance**

CPM Second Session

- Session 2 of CPM consolidates the Draft CPM Report by:
 - rationalising proposals
 - from **resonsible WPs** and **dedicated additional proposals**
 - reconciling differences in proposed approaches
 - consider proposals on alternative approaches (as necessary)
- ➡ including **regulatory, technical, operational** and **procedural matters** to provide the following WRC all necessary **information to decide appropriately**

Current difficulties / challenges

Overlapping bands

Limited amount of timeNew propagation models

- CPM27-1 identified
 - **22** frequency bands,
 - Addressed by (at least) 2 agenda items,
 - affecting 2 or more radiocommunications services
 - sometimes as both, new entrant **and** incumbent
- CPM27-1 provided
 - **Guidance** related to **agenda items – structuring of studies**
 - **Instructions** to relevant **working parties**, as necessary
 - **Deadlines** to allow efficient study work by ITU-R

Elements on the Agenda of WRC-27

- 19 Agenda items + standing Agenda items (e.g. AI 7)
- General questions on new spectrum allocations or identification and protection
- Spectrum usage between Services (AI 1.13 MSS-MS)
- Unauthorised use of spectrum by space services (AI 1.5)
- Spectrum use on the moon (AI 1.15)

Invitation

- CPM27-1 expects
 - coordinated efforts
 - exchange
 - trust
 - willingness for consensus

based on the good past practices in the **collaboration among WPs**
